ANNUAL SPORTS DAY

The much awaited annual sports day was held on February 3, 2018 with a great zeal, excitement and frolicsome atmosphere. The programme began with Principal welcoming the esteemed gathering by emphasizing on the importance of sports in a child's life. The March-Past, led by the school captain, was a magnificent display of discipline, co-ordination and impeccable synchronization of all the squads.

The exuberant students entered into the spirit of the occasion with the oath being administered by the Sports Captain. Students demonstrated a "Karate display" leaving the audience mesmerized with their energetic performances. Once the races began, the air was filled with encouragement and cheers for the young athletes.

INDUSTRIAL VISIT

Industrial visits offer a great source to gain practical knowledge. Students can observe and learn as to how theoretical concepts are put to into action.

A one-day Industrial Visit was organized on February 17, 2018 to “Hindustan Coca-Cola Beverage Private Limited” plant located at Bachupally, Hyderabad.

An introductory session was conducted by the company’s HR Team who has provided very useful information about the different products being manufactured and the quality standards that are being followed in the Plant.

The curiosity of the students was finally satisfied when a Question-Answer session was conducted by the Officer. The students were provided with deep insights about the Plant and each and every question was patiently answered by him. In total, the Industrial Visit was an enriching experience for the students.

STUDENTS' CORNER

In summer, being a vacation, many of my friends would like to spend their time at home or their grandma's house joyfully. In my case, I am not happy because I miss my school friends and teachers now. I have very good time at school where I play Cricket, Chess, and other indoor games apart from activities that happen in the classroom. I also give seminars in my class. I miss all of them now. Anyway, I will be moving to Class III next year, which is still a month away.
