Field Trip

Field trip is one of the best tools that we use to provide every student with real world experiences. Students get better understanding of the concepts learned within the classrooms.

As a part of field trip, primary students visited the nearby police station, Reliance Super Mart, and a park. Students of grade 6 to 10 have visited Bhimavaram. Jain Temple was the center of attraction for everyone. The temple is made of marble stones and the designs are carved in a unique way. They visited Multiplex where they had a lot of fun by playing different games.
